

# Office in a Box

Combine the Microsoft Office 365 suite with a Business-only, fibre-based Internet service. Manage your complete Office in the Cloud with Exponential-e's leading Network quality and services from a fully-equipped, fully-accredited team able to design, manage and simplify your solution. Office in a Box is the first solution to resolve all of your IT requirements with **one monthly fee per user**.

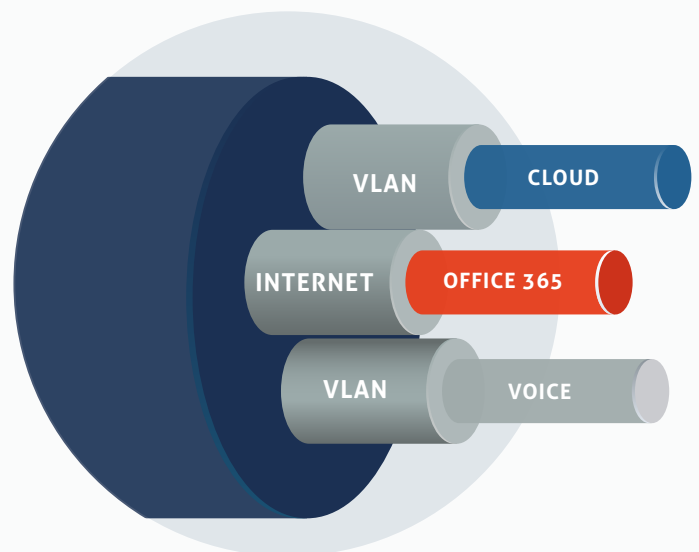

Office 365 is a best-in-class Cloud-based productivity solution, powered by Microsoft. You get the familiar Office applications, always up-to-date, on your favourite devices. It brings enterprise-grade services to organisations of all sizes, from online meetings to sharing documents to business-class email.

## Let Exponential-e provide an end-to-end & completely Managed Service

**Direct Connectivity** Not all Internet access is the same. Direct peering agreements with Microsoft, major Software-as-a-Service (SaaS) providers and a business-only Network gives you a leading user experience with 'one hop' connectivity.

**Easy to buy & manage** Sign-up and setup is made simple by Exponential-e, your trusted Cloud partner. Easily manage, provision and administer operations.

**Get peace of mind** Exponential-e gives you a scalable, secure and future-proofed solution which is supported by a single Network SLA and trusted managed services.

# Gain the expertise of an accredited Microsoft Cloud Service Provider

## Controlled Migration

Our consultancy team work with a large number of customers to transition into the Office 365 portfolio, scoping requirements in highly available models including Exchange, Hybrid, Single Sign-On (SSO) and Telephony integration.

## Best-in-class Support

UK-based 24 / 7 x 365 customer support from specialists including Microsoft Certified Systems Engineers (MCSEs) in our Professional Services team.

Enhance collaboration to transform your organization into one that is more agile and better equipped to innovate.

## Gain the Leading Edge

Office in a Box combines Microsoft Office 365 suite with Exponential-e's fibre-based Internet service. Give your business the leading edge and harness the end-to-end power of Exponential-e's carrier-class, Business-only Network.

## One Service, Completely Managed

Become productive in the Cloud and implement a successful Office 365 rollout with Exponential-e's Cloud expertise. Services are supported by a Network Operations Centre, 24 / 7 x 365 UK-based Service Desk, 7 ISO accreditations and a Cloud Security Alliance STAR certification. We will help you focus on implementation and support across your organisation as you focus on business transformation. Because your Cloud is only as good as your Network, Exponential-e is your trusted route to the Cloud. Exponential-e is the UK's pioneer of corporate Networks, experts in enabling companies and users to connect together.

## Extend IT functionality and productivity

With Exponential-e you have the access to a fusion of complementary technologies and services, all through one connection. A carrier-class Network and Cloud infrastructure means we can deliver enterprise applications at wire speed for a superior end-user experience. Overcome challenges of security, provisions, monitoring and application management to fit with your IT operations. Enhance your existing Voice, UC, and WAN solutions to align seamlessly with Office 365.

## With Office 365, you get the latest Office applications and much more.

At its heart is Office itself - the familiar Office applications businesses use every day - now offered as a Cloud service, so it's always up to date. But Office 365 is also so much more. It's about bringing enterprise-grade services to organizations of all sizes, from online meetings to sharing documents to business-class email.

- Always up-to-date.** Never buy a new version of Office again!
- Each user can install Office on up to .
- Save to the Cloud** for backup and anywhere access.
- Use Office on your **smartphone and tablet.**

## ABOUT EXPONENTIAL-E

Innovation is at the core of Exponential-e, and has been since our inception in 2002. We wholly own our super-fast Network, and our fusion of complementary technologies - a carrier-class Network and Cloud infrastructure - means we can deliver enterprise applications at wire speed for a superior end-user experience. We deliver scalable, dynamic and bespoke solutions. Renowned for our

responsiveness, coupled with our customer centric approach, and a UK based 24 / 7 x 365 service desk, means we offer unrivalled expertise.
