

SCHEDULE K: SERVICE DEFINITION: COLLABORATION SPACE SERVICE

1. Collaboration Space Service Description

The Collaboration Space Service provides audio and visual capability in meeting spaces through software and hardware, enabling collaborative experiences within internal and external communications. The Collaboration Spaces Service will consist of one or more of the following meeting spaces:

| Meeting Space | Description (Info) |
|---------------------|---|
| Huddle Space | A meeting space that accommodates meetings for 2 – 4 participants |
| Small Meeting Room | A meeting space that accommodates meetings for between 4 - 6 participants |
| Medium Meeting Room | A meeting space that accommodates meetings for between 6 - 10 participants |
| Large Meeting Room | A meeting space that accommodates meetings for between 10 - 20 participants |
| Town Hall | “Town Hall” meeting space which is used for larger events or companywide meetings |

A meeting space will consist of one or more of the following hardware components which will be sold by Exponential-e and purchased by the Customer to enable the configuration required for the service (the “Purchased Components”).

| Purchased Components | Description |
|----------------------|--|
| Cameras | A webcam or video conferencing camera that can be a static, single-eye, AI-powered, dual-camera system or multi-camera solution |
| Audio System | Microphone array audio input device for Meeting Rooms or Camera Systems |
| Video Meeting Bar | All-in-One Video Collaboration Bar with Camera, Audio, and optional touch panel |
| Touch Panel | Room Panel is a multi-function room scheduling device with touch screen, microphone, and speakerphones array |
| Collaborative Board | Collaboration by combining everything in the room, from the computing unit to a wide 65-inch touchscreen collaboration display, camera, microphones arrays, speakers |
| Intelligent Speakers | providing AI features including voice recognition, transcription, translation, and more intelligent experience for Meeting Rooms |
| All-in-one | Desktop Collaboration video experience |

The following chargeable Professional Services units are available:

| | Go Live/Floor walk | Go-live support to be delivered remotely or on-site with a floor walk. The amount of Man Days will be specified on the Order Form. |

Management, Maintenance and Advanced Warranty

Management

Exponential-e management comprises of:

- Remote support from the Exponential-e Service Desk
- Remote hardware availability monitoring of the Service

Exponential-e will perform remote troubleshooting within Normal Business Hours (currently 9am to 5.30pm). The Customer shall undertake reasonable on-site troubleshooting activities as requested by Exponential-e. If a fault is identified as being with the Purchased Component which does not form part of this Service e.g. Network, computer or structured cabling then it will be the Customer's responsibility to resolve the issue, unless the Customer has a valid support contract in place for that equipment with Exponential-e.

Maintenance and Advanced Warranty

Exponential-e will provide maintenance and advanced warranty for the Purchased Components for the Initial Term after which it will automatically cease unless renewed.

The maintenance and advanced warranty comprises:

- Two (2) on-site preventative maintenance checks per year at a time agreed between the Parties. Exponential-e will provide a report on the condition of the Purchased Components following such checks;
- Telephone support during Normal Working Hours;
- On-site attendance by an engineer next Working Day should there be no resolution via telephone support. The engineer will repair or order replacement of the faulty Purchased Components;
- Configuration of replacement Purchased Components; and
- Retention of records of activities relating to Purchased Components.
- additional vendor support and installation services for the collaboration service including advance hardware replacement service(full details can be provided upon request).

Exponential-e's provision of the above maintenance and advanced warranty is conditional on the Customer complying with the following obligations upon request:

- The Customer gathering further diagnostic information such as firmware version or serial numbers;
- The Customer installing remote control software so that Exponential-e can access the Purchased Components;
- The Customer performing any reasonable actions in order to assist Exponential-e in finding and fixing the fault; and
- The Customer returning the faulty Purchased Components to Exponential-e or its third-party suppliers.

3. Target Service Commencement Date

Collaboration Space Service 30 Working Days*

** From order acceptance*

The Target Service Commencement Date is subject to Purchased Component vendor lead times.

4. Collaboration Space Service Level Agreement

No Service Levels apply in respect of this Service.
